SUCCESS.”**

- BOB SIEVWRIGHT / FOUNDER & OWNER

Founded in New Zealand in 1981, Trimax has grown from a modest workshop into a global business with facilities around the world. Today our mowers destined for Australian turf are distributed locally from our facility in Truganina, Melbourne. Our global headquarters is still located where we began in Tauranga, New Zealand.

We are renowned for designing and manufacturing mowing systems which produce a high-quality cut, finish, and spread - but what we value most is the reputation we have earned for providing unmatched local support and service.

 **trimax**™ // **POWERING

TRIMAX STRIKER

FAST BECOMING THE MOWER OF CHOICE AMONGST GROUNDSMEN.

TRIMAX STRIKER

Trimax STRIKER is a multi-spindled rotary mower with extremely low maintenance requirements and is ideal for use on compact tractors.

The Trimax Striker is designed to give a high cut quality and an excellent spread of clippings. Highly versatile, the Striker is capable of mowing grass 10 to 100mm. With an enclosed cutting chamber and a downward rear dispersion of clippings, the Striker has surpassed international safety standards making it one of the safest mowers on the market for use in public spaces.

Fitted with Trimax's exclusive LazerBladez™, the Striker can produce a cut and finish to rival that of a cylinder mower and is ideal for educational and sports facilities where presentation is key!

TALK TO US TODAY ABOUT THE CAPABILITIES OF STRIKER IN YOUR ENVIRONMENT.

SPECIFICATIONS	150	190
Cutting Width	1.46m (4' 9½")	1.94m (6' 4½")
Overall Width	1.56m (5' 1½")	2.04m (6' 8½")
Overall Length	1.16m (3' 9½")	1.16m (3' 9½")
Height	0.83m (2' 8½")	0.83m (2' 8½")
Cut Height Range	10 - 100mm (¾" - 4")	10 - 100mm (¾" - 4")
No. of Blade Spindles	3	4
Approx. Weight	322kg (710lbs)	400kg (882lbs)
Min PTO Output	25hp	30hp

*Minimum PTO output is a guide only. Requirement varies with the type of work and the terrain

The Striker has been built to withstand all conditions, a good solid mower. We had a test mow on delivery, the grass was about 150mm high and wet, it went great, made a good even cut leaving an even spread of cut grass, we thought it was the best mower we had ever seen.

- IAN DUFTY Morrinsville, NZ

KEY APPLICATIONS.

✓ School & Sports Fields ✓ Golf & Country Club ✓ Lifestyle & Estates

WHAT'S NEW ON STRIKER

The Striker was originally designed as a compact solution for sports turf, especially for grounds maintenance for local football and cricket clubs. It features a simpler pan construction than the ProCut and includes maintenance-free ball bearing spindles.

INDUSTRY LEADING WARRANTY

3 YEAR

INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK

PRODUCT FEATURES.

LOW COST OF OWNERSHIP

With only 4 grease points on the mower and with robust sealed spindles, the Trimax Striker has incredibly low maintenance requirements.

LAZERBLADEZ™

Available in uplift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

*OPTIONAL FEATURES.

✓ ROLLER SCRAPERS

Cleans rollers and reduces clumping in wet conditions.

✓ NEXABLADES

Scientifically designed for high-end turf giving a superior cut and spread when it matters most.

STRIPING CAPABLE

Fitted with full width front and rear rollers, the Striker can produce striped patterned turf for those spaces where presentation is key.

SAFETY FOR PUBLIC PLACES

Striker exceeds international safety standards, and can be used with confidence in public spaces, school sports fields and confined

ADVANCED ENGINEERING

Trimax's meticulous design process combined with bespoke, innovative manufacturing technologies produce the most accurate rotary

COMPACT TRACTOR SUITABLE

Able to be paired with tractors as low as 25hp, the Striker is perfect for smaller budgets and compact tractors.

WHAT'S NEW ON PROCUT S5

Maintaining your mower has never been easier with all daily greasing requirements being removed with the implementation of the new Titan Roller Bearings. The new auto-belt tensioning system reduces belt maintenance and improves drive to the spindles for a cleaner, more consistent cut in heavy conditions.

INDUSTRY LEADING WARRANTY

3 YEAR INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK

PRODUCT FEATURES.

TITAN ROLLER BEARING SYSTEM
The Trimax Titan roller bearing system is maintenance-free, requiring no regular greasing, and provides excellent retention.

AUTOMATIC BELT TENSIONING
Removes the need for belt adjustments and improves drive to the spindles and blades.

LAZERBLADEZ™
Available in uplift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

LOW MAINTENANCE
Zero daily maintenance. Spindles, roller bearings and auto-belt tensioning are maintenance-free.

STEAFAST SEALED SPINDLES
We've eliminated the tedious task of regular greasing. Covered by our 3-year warranty, maintenance costs are reduced, and productivity is enhanced.

BELT CAVITY DUAL WASH FLAPS
Provides easy access for removal of grass and drainage of water from belt chamber.

PRECISE HEIGHT ADJUSTMENT
Clearly displayed indicators in both metric and imperial units and a high-tensile 2mm pitch adjuster for precise cut height alterations.

FULL WIDTH ROLLERS
Full width rollers minimise scalping in undulating conditions and allow mowing over kerbsides and bunkers. Also aids in striping.

ACCURATE SPINDLE SETTING TECHNOLOGY
Spindle height is perfectly aligned providing the most accurate cut possible.

STAND ON COVERS
Enables safe and easy access to the rear of the tractor when coupling the mower. Quick release latches allow easy removal for cleaning and servicing.

*OPTIONAL FEATURES.

- ✓ **ANTI-BOUNCE / WEAR SKIDS**
Eliminates scalping and bouncing and reduces side channel wear.
- ✓ **ROLLER SCRAPERS**
Cleans rollers and reduces clumping in wet conditions.
- ✓ **LIGHTING KIT WITH STORAGE BRACKET**
LED road lights, safety triangle, and bracket for storage box.
- ✓ **STORAGE BOX**
Easy access to spare parts and tools.
- ✓ **FRONT MOUNT**
Convenient visibility. Only for tractors with front PTO drive.
- ✓ **SINGLE ROLLER**
Allows greater grass intake at the front of the mower.
- ✓ **GALVANIZED SURFACE COATING**
Protect against corrosion in harsh environments.
- ✓ **QUATTRO BLADES**
Four blades (flat, upturned or mixed) per spindle for a finer cut.
- ✓ **NEXABLADES**
Scientifically designed for high-end turf giving a superior cut and spread when it matters most.
- ✓ **ON CALL KIT**
Each kit contains bearings blades and belts for a quick replacement in the field.

TRIMAX PROCUT/S5 SR

**ENGINEERED TO TACKLE
LONG GRASS APPLICATIONS IN
THE TOUGHEST COMMERCIAL
ENVIRONMENTS.**

TRIMAX PROCUT/S5 SR

The original ProCut found phenomenal success in long grass applications due to its rigid construction, cut quality and manoeuvrability. With the ProCut S5 we have taken this to another level.

The Single Roller ProCut S5 is a long grass mower that provides a market leading cut and finish. Engineered with a low body profile and increased under deck clearance it provides excellent clipping distribution without any daily maintenance requirements.

Built with industry leading strength and durability, this is the machine you need for any commercial long grass applications.

TRIMAX PROCUT/S5 FM

**TAKES A Paddock
TO HIGH LEVELS OF
PRESENTATION.**

TRIMAX PROCUT/S5 FM

The front mounted version of the ever-popular rear linkage mounted Trimax PROCUT.

The Trimax ProCut FM is a robust machine engineered to withstand everyday use in the toughest commercial environments yet will deliver a clean cut – every time. In operation, the front-mounted ProCut Series 5 rides on the ground on its front wheels and rear roller. The front castor wheels and rear roller follow ground contours allowing easy manoeuvrability and prevent scalping. With out-front mowing the need for the operator to look behind is reduced and the tractor wheels do not flatten the uncut grass.

TRIMAX TOPPER/S3

TRIMAX TOPPER/S3

The Trimax TOPPER cuts pasture quickly and efficiently and has multiple features enabling its use on lower hp tractors.

Developed on a New Zealand dairy farm in 1993, the Topper uses small diameter blades turning at high speed resulting in more cuts per forward metre than comparable pasture toppers, giving a finer cut and increasing regrowth and pasture quality. The high under-body clearance and open deck design allows good flow of grass into the mowing deck and a clean ejection of cut grass.

Powered by a proven belt drive system that now has auto belt tensioners, the Trimax Topper is more efficient than comparable shaft drive pasture toppers. Short in body from front to rear and mounting close to the tractor, the Topper is able to be used on smaller tractors for large cut widths and also enables a smaller turning radius for easier access into tight corners.

TALK TO US TODAY ABOUT THE CAPABILITIES OF TOPPER SERIES 3 IN YOUR ENVIRONMENT.

SPECIFICATIONS	237	282
Cutting Width	2.32m	2.74m
Overall Width	2.48m	2.91m
Overall Length	1.32m	1.39m
Height	0.99m	0.99m
Cut Height Range	20 - 160mm	20 - 160mm
No. of Blade Spindles	4	4
Approx. Weight	643kg	685kg
Min PTO Output	37hp	45hp

*Minimum PTO Output is a guide only. Requirement varies with the type of work and the terrain.

We love the simplicity of the Topper and it does a beautiful job! The lightness of the machine enables us to utilise our compact tractor fully and swap between implements and we like that it's belt driven, it's so much easier to maintain.

- PETER TERSGASKIS | Dairy Farmer, Shepparton VIC

KEY APPLICATIONS.

✓ Dairy Farms ✓ Agriculture ✓ Aviation ✓ Racecourses

WHAT'S NEW ON TOPPER

The Topper is now fitted with an automatic belt tensioning system improving its performance in heavy conditions. Stand on covers bring added durability whilst providing safe and easy access to the rear of a tractor when coupling.

THE BENEFITS OF PASTURE TOPPING.

✓ Improves feed quality ✓ Increases farm profitability ✓ Increases MS production ✓ Promotes faster re-growth

INDUSTRY LEADING WARRANTY

3 YEAR
INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK

PRODUCT FEATURES.

EASIER MAINTENANCE

New latch system provides easier access to drive system and access to roller bearing grease nipple has been improved.

AUTOMATIC BELT TENSIONER

Eliminates the need for belt adjustments and improves drive to the spindles and blades in longer grass.

STAND ON BELT COVERS

Provides safe and easy access to the rear of tractor when coupling.

ACCURATE HEIGHT SYSTEM

Height indicators are clearly displayed allowing for accurate and easy in field height adjustments

LOW HP REQUIREMENTS

Open deck design for grass processing, efficient belt drive system and a short mower front to rear allows for use on lower HP tractors.

LAZERBLADEZ™

Available in uplift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

ADVANCED DESIGN

Short front to rear and mounting close to the tractor allowing better manoeuvrability. High under body clearance and open deck design for increased grass production.

REAR ROLLER

The Topper is fitted with a rear roller, which ensures that in undulating environments you'll have increased protection from scalping.

ANTI-BLOCK SYSTEM

High tensile spindles feature anti-wrap pins preventing frustrating blockages around spindles in extreme conditions.

IMPROVES FEED QUALITY

Topping controls poor quality pasture components such as seed-heads and thistles and prevents their recurrence.

HIGH SPINDLE SPEEDS

More spindles, higher spindle speeds and shorter blade beams yield more cuts per forward meter of travel resulting in clean cut pasture.

TRIMAX STEALTH/S3

**MARKET LEADING
CUT, FINISH AND
VERSATILITY.**

TRIMAX STEALTH/S3

The STEALTH SERIES 3 has been designed to give a higher quality of cut, operate in a wider range of conditions, be safer, more robust, easier to operate and take less time to maintain than any previous STEALTH.

Backed by 30 years' of experience in market, the concept of Stealth Series 3 was born from the demand of our Australian customers for a mower that was more versatile in terms of long grass performance and more user friendly for both the operator and the workshop.

Backed by our industry leading 3-year warranty and our parts and technical support team, we know the Stealth Series 3 to be the best linkage wing mower for passive and active turf in the market.

**TALK TO US TODAY ABOUT THE
CAPABILITIES OF STEALTH SERIES 3
IN YOUR ENVIRONMENT.**

SPECIFICATIONS	340
Cutting Width	3.4m (11' 2")
Overall Width	3.55m (11' 8")
Transport Width	2.42m (7' 11")
Overall Length	1.63m (5' 4")
Height (wings up)	1.21m (3' 11½")
Cut Height Range	10 - 90mm (¾" - 3½")
No. of Blade Spindles	5
Approx. Weight	940kg (2070lbs)
Min PTO Output	70hp

**Minimum PTO output is a guide only. Requirement varies with the type of work and the terrain*

"The Stealth has brilliant decks with excellent grass dispersion and minimal greasing required. We can just jump in and cut grass!"

- ROSS HAMNER | Downer, Auckland, NZ

KEY APPLICATIONS.

✓ Municipal & Contractors ✓ School & Sports Fields ✓ Racecourses ✓ Aviation ✓ Lifestyle & Estates

WHAT'S NEW ON STEALTH/S3

We've reduced the need for greasing through the introduction of new features such as SteadFast maintenance-free spindles and composite maintenance-free bushes. Stealth wing locks can now be operated from inside the tractor cab. Modifications have been made to the cutting chamber and the baffle design for improved cut quality and easy cleaning.

INDUSTRY LEADING WARRANTY

**3
YEAR**

INCLUDES SPINDLES
& GEARBOXES
EXPERIENCED SERVICE
& SUPPORT NETWORK

PRODUCT FEATURES.

LOCTEK

A stubless roller bearing system for vastly improved roller retention, alignment, bearing life and minimal maintenance.

LOW MAINTENANCE

Reduced greasing requirements mean operators can spend more time mowing and less on maintenance.

LAZERBLADEZ™

Available in up-lift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

GREATER MOWING VERSATILITY

The improved cutting chamber and baffle design directs airflow from the blades out and over the rear roller for a better cut and spread.

EASY TO CLEAN

The improved belt chamber design results in easy cleaning, with the front openings allowing any grass to be easily washed out or removed.

EASY HEIGHT ADJUSTMENT

Clearly displayed stainless steel height indicators allow the easy adjustment of cut heights without having to raise or lower the wings and deck.

ANTI-WEAR SKIDS

Anti-wear skids reduce wear on side channels when operating in rough or uneven terrain.

IN-CAB UNLOCK SYSTEM

Remote unlock operates the mower wing locks with the push of a button from within the tractor cab. Electric or hydraulic actuation is available.

STAND ON COVERS

Enables safe and easy access to the rear of the tractor when coupling to the mower. Quick release latches allow easy removal for cleaning and servicing.

*OPTIONAL FEATURES.

✓ ROLLER SCRAPERS

Cleans rollers and reduces clumping in wet conditions.

✓ INDIVIDUAL WING LIFT

Individual wing lift allows independent lift of either side deck for reduced cutting in confined spaces.

✓ QUATTRO BLADES

Four blades (flat, upturned or mixed) per spindle for a finer cut.

✓ SERVICE STANDS

Lockable stands for safe underside access.

✓ LIGHTING KIT WITH STORAGE BRACKET

LED road lights, safety triangle, and bracket for storage box.

✓ STORAGE BOX

Easy access to spare parts and tools.

✓ GALVANIZED SURFACE COATING

Protect against corrosion in harsh environments.

✓ ELECTRIC UNLOCK

Upgrade to electric actuation for the mower wings' transport lock.

WHAT'S NEW ON STEALTH SR

The Stealth SR incorporates all the new features of the Stealth S3. An anti-scalp roller on the front of the main mowing deck and bubble rollers on the wings are added to protect against scalping over contours.

PRODUCT FEATURES.

LOCTEK
A stubless roller bearing system for vastly improved roller retention, alignment, bearing life and minimal maintenance.

LONG GRASS PERFORMANCE
Designed to mow grass up to 500mm high and achieve the quality cut you expect from Trimax.

LAZERBLADEZ™
Available in up-lift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

ANTI-SCALP ROLLER
A raised front roller provides anti-scalp protection for your turf without impacting long grass performance.

EASY TO CLEAN
The improved belt chamber design results in easy cleaning, with the front openings allowing any grass to be easily washed out or removed.

EASY HEIGHT ADJUSTMENT
Clearly displayed stainless steel height indicators allow the easy adjustment of cut heights without having to raise or lower the wings and deck.

IN-CAB UNLOCK SYSTEM
Unlock the mower wings' transport lock from the convenience of the tractor seat using the tractor's hydraulic control lever.

LOW MAINTENANCE
Reduced greasing requirements mean operators can spend more time mowing and less on maintenance.

STAND ON COVERS
Enables safe and easy access to the rear of the tractor when coupling to the mower. Quick release latches allow easy removal for cleaning and servicing.

*OPTIONAL FEATURES.

- ✓ **ROLLER SCRAPERS**
Cleans rollers and reduces clumping in wet conditions.
- ✓ **INDIVIDUAL WING LIFT**
Individual wing lift allows independent lift of either side deck for reduced cutting in confined spaces.
- ✓ **SERVICE STANDS**
Lockable stands for safe underside access.
- ✓ **LIGHTING KIT WITH STORAGE BRACKET**
LED road lights, safety triangle, and bracket for storage box.
- ✓ **STORAGE BOX**
Easy access to spare parts and tools.
- ✓ **GALVANIZED SURFACE COATING**
Protect against corrosion in harsh environments.
- ✓ **ELECTRIC UNLOCK**
Upgrade to electric actuation for the mower wings' transport lock.

TRIMAX SNAKE S3

THE TURF SPECIALIST'S
SECRET WEAPON.

TRIMAX SNAKE S3

The Trimax Snake sets the standard for trailed rotary mowing, trusted by many prestigious golf courses and turf farms worldwide.

Studied by the Sports Turf Institute of New Zealand, the Trimax cutting system delivers cut quality comparable to cylinder mowers, while offering the versatility and reliability of Trimax's renowned rotary design.

Now, with zero daily maintenance, the Snake S3 makes operations even more efficient for turf professionals. The Snake S3 features the Titan roller bearing system and maintenance-free wheel hubs, which together eliminate the need for daily greasing. These innovations further reduce the cost of ownership allowing owners and operators to focus on what matters most – mowing.

Backed by Trimax's industry-leading 3-year warranty, the Snake S3 redefines productivity and operational efficiency.

TALK TO US TODAY ABOUT THE CAPABILITIES
OF SNAKE SERIES 3 IN YOUR ENVIRONMENT.

SPECIFICATIONS	320	400
Cutting Width	3.20m (10' 7")	4.00m (13' 1")
Overall Width	3.36m (11' 1")	4.12m (13' 6")
Overall Length	3.60m (11' 10")	3.60m (11' 10")
Transport Width	2.14m (7' 1/4")	2.14m (7' 1/4")
Transport Height	1.86m (6' 1")	2.24m (7' 4")
Cut Height Range	10 - 100mm (3/8" - 4")	10 - 100mm (3/8" - 4")
No. of Blade Spindles	9	11
Approx. Weight	1350kg (2976lbs)	1480kg (3258lbs)
Min PTO Output	35hp	45hp

**Minimum PTO output is a guide only. Requirement varies with the type of work and the terrain*

It's one of my favourite mowers. Maintenance is an absolute breeze and the service from Trimax has been brilliant. I would recommend this mower to any country club or golf course.

- SIMON ASKEY Head Green Keeper, Whangamata Golf Club

KEY APPLICATIONS.

- ✓ Golf Courses (Roughs & Fairways) ✓ Municipal & Contractors ✓ Turf ✓ School & Sports Fields
- ✓ Lifestyle & Estates

WHAT'S NEW ON SNAKE S3

The Snake S3 builds on the Snake legacy with Trimax Titan roller bearings and maintenance-free wheel hubs for zero daily maintenance. New features also include height adjustment collars, stand-on covers, and removable blade beams for easy operation—letting turf professionals focus on exceptional results.

PRODUCT FEATURES.

TITAN ROLLER BEARING SYSTEM
The Trimax Titan roller bearing system is maintenance-free, requiring no regular greasing, and provides excellent retention.

ARTICULATION ABILITY
With three articulating decks the Snake has the ability to provide a consistent cut when contours are present.

ZERO TURN
Allows continuous cutting while turning sharply for maximum productivity.

ZERO DAILY MAINTENANCE
Implementation of the Trimax Titan roller bearing system and maintenance-free wheel hubs results in no daily maintenance.

FULL WIDTH ROLLERS
Full width rollers minimise scalping in undulating conditions, allowing for mowing over kerbsides and bunkers, while leaving a premium striped finish.

EASE OF USE
The Snake's compact design allows easy towing, new collars simplify height adjustment, and removable blade beams ensure easy blade changes.

AUTOMATIC BELT TENSIONERS
Automatic belt tensioners eliminate the need for belt adjustments and provides consistent drive to the spindles and blades.

QUIKLIFT
QuikLIFT enables decks to be raised slightly for traversing paths without the need to disengage the PTO.

LAZERBLADEZ™
LazerBladez offer a superior finish with a cost-efficient design, as only the fling-tip needs replacing. Available in uplift and flat formations, their tilt-forward design minimizes hang-back in tough conditions.

*OPTIONAL FEATURES.

- ✓ **ANTI-BOUNCE / WEAR SKIDS**
Eliminates scalping and bouncing and reduces side channel wear.
- ✓ **ROAD RATED TYRES**
Tow at highway speeds on the road.
- ✓ **ROLLER SCRAPERS**
Cleans rollers and reduces clumping in wet conditions.
- ✓ **ELECTRIC UNLOCK**
Unlocks decks electronically from the tractor seat.
- ✓ **MUDGUARDS, LIGHTS, & CHAINS**
Add LED tail light clusters, safety chains, and transport wheel mudguards for increased safety during road transportation.
- ✓ **MULCH KIT**
Save on purchasing dedicated leaf blowing and collection units with the Snake Mulch Kit.
- ✓ **NEXABLADES**
Scientifically designed for high-end turf giving a superior cut and spread when it matters most.
- ✓ **MULTI LIFT SYSTEM**
Five different lift functions to adjust mowing widths when required.
- ✓ **TRIMAX CONNECT**
A free app available when Trimax Multi-Lift System (MLS) is fitted. Provides mower runtime analysis and controls MLS functionality.

TRIMAX PEGASUS//S5

**STRONGER.
SMARTER.
SAFER.
SECOND TO NONE.**

TRIMAX PEGASUS//S5

The Trimax PEGASUS sets the benchmark in wide area mowing for parks, reserves, airports, racecourses, sports fields, turf farms, and more.

For over 20 years, the Trimax Pegasus has been leading the way in wide-area mowing. Introduced in 2001 as the world's first multi-deck roller mower, the Pegasus is renowned for its robustness and versatility. Its fast spindle speeds and deep mowing decks deliver the highest quality cut and finish every time, and articulating decks provide a consistent cut over light to moderate contours.

The Pegasus S5 builds on the incredible strength, durability, versatility, and efficiency of the previous series to increase machine life and decrease downtime in full-time commercial applications.

WHAT'S NEW ON PEGASUS//S5

The Pegasus chassis and outrigger arms have been completely redesigned to increase strength without adding unnecessary weight. Larger wheels decrease ground pressure and support a wider range of tyre options. Maintenance-free features have been introduced.

PRODUCT FEATURES.

ROBUST CHASSIS

10% stronger under tough travel conditions, twice the durability in deck lifting and lowering, and a 60% increase in rigidity in the outrigger arms from Pegasus S4.

IMPACT PROTECTION

Outrigger arms and side channel leading edges have been redesigned for increased impact protection.

SUSPENSION

The new Pegasus S5 Flexiride Torque Suspension System is designed for increased strength and smoother travel at highway speeds.

LOW MAINTENANCE

Zero daily greasing for an 80% reduction in annual grease consumption. Spindles, roller bearings, and auto-belt tensioning are maintenance-free.

QUICKLIFT

Enables mower decks to be raised without disengaging the PTO to traverse driveways, footpaths and pavements. Now a standard inclusion for all Pegasus models.

HEIGHT ADJUSTMENT

Clearly displayed indicators in both metric and imperial units and a high-tensile 2mm pitch adjuster for precise cut height alterations.

TITAN ROLLER BEARING SYSTEM

The Trimax Titan roller bearing system is maintenance-free, requiring no regular greasing, and provides excellent retention.

SAFETY COMPLIANT

Complies with international safety standards and can be used with confidence on the roads and in public spaces.

ROAD TOWING COMPLIANT

Fully compliant with ADR regulations allowing road registration.

*OPTIONAL FEATURES.

✓ **ANTI-BOUNCE / WEAR SKIDS**
Eliminates scalping and bouncing and reduces side channel wear.

✓ **ROLLER SCRAPERS**
Cleans rollers and reduces clumping in wet conditions.

✓ **QUATTRO BLADE SYSTEM**
Four blades (flat, upturned or mixed) per spindle for a finer cut.

✓ **ELECTRIC UNLOCK**
Unlocks decks electronically from the tractor seat.

✓ **MULTI-LIFT SYSTEM**
Five different lift functions for mower decks. Now with Drive Protect.

✓ **TURF TYRES**
Distributes mower weight for less ground disturbance.

✓ **SPARE ROAD TYRE & MOUNT**
Mounts a spare wheel to the rear mowing deck.

✓ **STORAGE KIT**
Mounts a toolbox to the mower chassis.

✓ **GALVANIZED**
Protect against corrosion in harsh environments.

✓ **ELECTRIC BRAKES WITH BREAKAWAY**
Reduces braking force required by the tractor.

✓ **ROAD KIT**
Adds lights, signage, and beacons to the mower.

✓ **TURF MUDGUARDS**
Available for both road tyres and turf tyres.

✓ **NEXABLADES**
Scientifically designed for high-end turf giving a superior cut and spread when it matters most.

TRIMAX PEGASUS S5 SR

**WIDE AREA,
OPTIMAL LONG
GRASS PERFORMANCE.**

TRIMAX PEGASUS S5 SR

Since its introduction in 2001, the Trimax Pegasus series has established itself as the benchmark in wide-area mowing where cut quality and presentation are key. The Pegasus SR builds on the Pegasus's legendary versatility and cut quality by taking its long grass performance to another level.

The Pegasus SR variant allows larger volumes of grass to enter the deck by replacing the front roller with castor wheels, allowing the mower to tackle long grass more effectively.

Containing all the industry leading features included with the Pegasus S5, the Pegasus SR has a range of features that increase machine life, reduce maintenance, and decrease downtime in full-time commercial applications.

Built with industry leading strength and durability, the Pegasus SR is the machine you need for any commercial wide area long grass applications.

TALK TO US TODAY ABOUT THE CAPABILITIES OF TRIMAX PEGASUS S5 SR IN YOUR ENVIRONMENT.

INDUSTRY LEADING WARRANTY

3 YEAR INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK

PRODUCT FEATURES.

LONG GRASS PERFORMANCE

Designed to mow grass up to 500mm high (depending on conditions) with a cut height range of 20 - 180mm.

SINGLE ROLLER

Replacing the front roller with castor wheels allows more grass into the cutting chamber, resulting in a clean cut in long grass.

TITAN ROLLER BEARING SYSTEM

The Trimax Titan roller bearing system is maintenance-free, requiring no regular greasing, and provides excellent retention.

AUTOMATIC BELT TENSIONING

Provides more drive to the spindles in long grass applications.

IMPACT PROTECTION

Outrigger arms and side channel leading edges have been redesigned for increased impact protection.

QUIKLIFT

Enables mower decks to be raised without disengaging the PTO to traverse driveways, footpaths and pavements. Now a standard inclusion for all Pegasus models.

SAFETY COMPLIANT

Complies with international safety standards and can be used with confidence on the roads and in public spaces.

*OPTIONAL FEATURES.

TRIMAX X-WAM

**THE ULTIMATE IN WIDE
AREA MOWING WHEN
QUALITY COUNTS.**

TRIMAX X-WAM

The X-WAM has superior contour-following abilities based on the unique combination of five individual floating decks on an articulated axis.

With the potential to cut 13 hectares per hour and the ability to perform zero-turns without having to lift any of the mower decks, the X-WAM will increase your productivity and efficiency using only one tractor, one driver, and one mower.

Providing an even discharge of clippings and with the ability to mow in wet conditions and produce a cylinder-like patterned finish, X-WAM is the ultimate wide area mower.

**TALK TO US TODAY ABOUT THE
CAPABILITIES OF TRIMAX X-WAM
IN YOUR ENVIRONMENT.**

SPECIFICATIONS	10400
Cutting Width	10.41m (34' 2")
Overall Width	10.54m (34' 7")
Overall Length	5.83m (19' 1")
Transport Width	2.74m (9')
Transport Height	4.45m (14' 7")
Cut Height Range	10 - 100mm (3/8" - 4")
No. of Blade Spindles	19
Approx. Weight	4880kg (10759lbs)
Min PTO Output	90hp

*Minimum PTO output is a guide only. Requirement varies with the type of work and the terrain

Trimax X-WAM is great equipment. It replaced one tractor, one employee and reduced mowing time. Less equipment to maintain and less equipment expense has increased our profitability.

- LYNN GIBB | Hope Plantation Turf, Texas USA

KEY APPLICATIONS.

✓ Turf / Sod Farm

WHAT'S NEW ON X-WAM

The X-WAM is Trimax's widest mower, with 5 full-sized mowing decks. It is available as a complete model or as a kit to add to the Trimax Pegasus 610. The decks can be retracted for transport.

INDUSTRY LEADING
WARRANTY

3
YEAR

INCLUDES SPINDLES
& GEARBOXES
EXPERIENCED SERVICE
& SUPPORT NETWORK

PRODUCT FEATURES.

LOCTEK

A stubless roller bearing system for vastly improved roller retention, alignment, bearing life and minimal maintenance.

WHEELS RUN ON CUT GRASS

As the rear deck is located between the rear transport wheels, grass is not flattened by wheels prior to mowing, a feature unique to Trimax.

TURF TYRE

Trimax Turf Tyres help distribute the weight of the mower for less ground disturbance. Recommended for Turf Farms or fine turf applications.

FULL HYDRAULIC OPERATION

The X-WAM uses full hydraulic operation for deck retraction into road transport mode.

LOW MAINTENANCE

All moving surfaces have long life synthetic bushes or greasable bearings and remote grease points for hassle-free maintenance.

ULTIMATE CONTOUR FOLLOWING

Contour following and cut quality is compromised when decks are over 3m wide. The X-WAM features multiple smaller decks for superior cut quality.

LAZERBLADEZ™

Available in uplift and flat formation to suit mowing requirements, the unique tilt forward design minimises hang back in tough conditions.

RAPIDSET HEIGHT ADJUSTMENT

Clearly displayed stainless steel height indicators allow the easy adjustment of cut heights without having to raise or lower the wings.

STEADFAST SEALED SPINDLES

We've eliminated the tedious task of regular greasing. Covered by our 3-year warranty, maintenance costs are reduced, and productivity is enhanced.

*OPTIONAL FEATURES.

✓ ANTI-BOUNCE / WEAR SKIDS

Eliminates scalping and bouncing and reduces side channel wear.

✓ ROLLER SCRAPERS

Cleans rollers and reduces clumping in wet conditions.

✓ QUATTRO BLADES

Four blades (flat, upturned or mixed) per spindle for a finer cut.

✓ GALVANIZED SURFACE COATING

Protect against corrosion in harsh environments.

✓ NEXABLADES

Scientifically designed for high-end turf giving a superior cut and spread when it matters most.

✓ ELECTRIC UNLOCK

Replaces the standard in-cab transport lock release rope with an electric actuator. This is operated by a push-button remote.

TRIMAX FLAILDEK FX

KEY APPLICATIONS.

- ✓ Municipal & Contractors
- ✓ School & Sports Fields
- ✓ Golf & Country Clubs (Roughs)
- ✓ Lifestyle & Estates
- ✓ Racecourses
- ✓ Horticulture

WHAT'S NEW ON FLAILDEK FX

Strength and durability are increased from the original FlailDek design with the incorporation of a high tensile steel body, a 70% stronger rotor, a stronger gearbox, and forged steel Trimax Gamma Flails. The unique converter has also been added.

INDUSTRY LEADING WARRANTY

3
YEAR

INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK

TRIMAX FLAIL
TECHNOLOGY
FOR OUT FRONT
OPERATION.

PRODUCT FEATURES.

UNIQUE CONVERTER
Superb short grass cutting ability by creating airflow that lifts grass before it's cut. Open converter for increased productivity in long grass environments.

REAR ROLLER
Full width rear roller prevents scalping, permits the edge of the mower to be run along kerbs, adds to overall safety and produces striping.

POWER SAVING FLAILS
Strong forged steel flail with an aerodynamic profile reduces hp requirements yet generates sufficient draught to lift grass for a clean cut.

NEW IMPROVED ROTOR
Dynamically balanced and designed for durability to withstand everyday use in the toughest mowing environments.

SAFE CLIPPING DISPERSION
Safety is paramount when mowing in public areas. This is why Trimax has designed the FlailDek FX to expel debris in a downward direction behind the mower.

FRONT CASTOR WHEELS
Front castor wheels allow the FlailDek FX to follow ground contours independently from the tractor. The semi-pneumatic tires are impossible to puncture.

WEAR RESISTANT SKIDS
Wear resistant trailing skids made from abrasion-resistant steel extends bearing life and enables high productivity in the most challenging environments.

TRIMAX FLAILDEK FX

The Trimax FlailDek FX offers a high-performance alternative to standard factory-fitted rotary mowing attachments.

FlailDek FX has the ability to deliver an exceptionally clean cut and disperse clippings safely and is used by contractors, councils, schools and land owners around the world. A highly versatile mower, FlailDek FX is also able to mulch branches up to 25mm in diameter, mow high grass and using the unique converter flap is suitable for sports fields and other fine turf applications.

The FlailDek FX has been designed to have minimal maintenance requirements and a low total cost of ownership yet deliver maximum reliability.

WHAT'S NEW ON FORCE.

Strength and durability have been increased, including 50% thicker endplates and a newly designed rotor bearing assembly with over 35% higher load capacity than Trimax's previous flail mowers. Zero-maintenance features and a wider array of options have also been introduced.

INDUSTRY LEADING WARRANTY

3 YEAR INCLUDES SPINDLES & GEARBOXES
EXPERIENCED SERVICE & SUPPORT NETWORK

PRODUCT FEATURES.

MOW AND MULCH WITH ONE MACHINE
Mow grass to a fine finish and mulch prunings up to 90mm in diameter with one machine.

REPLACEABLE INTERNAL LINER
A 6mm replaceable internal liner reduces noise and increases durability in the mower's high-impact zones.

LOW MAINTENANCE
Easily accessible grease locations and maintenance-free features make regular service quicker and easier than ever.

SAFETY COMPLIANT
Meets international safety standards for thrown object protection in every configuration. Safe to operate in public spaces.

MAINTENANCE-FREE ROLLER BEARINGS
New highly-rated sealed roller bearing stacks require no regular greasing.

HEAVY-DUTY SKIDS
Heavy-duty wear skids on the mower trailing arms prolong mower life in demanding terrain and are easily removed or replaced.

AUTO BELT TENSIONING
The belt system is equipped with automatic tensioners to optimize the drive to the rotor without requiring manual adjustments.

OFFSET CAPABILITIES
The Force can come with a left- or right-hand offset with an additional 500mm of hydraulic side shift.

*OPTIONAL FEATURES.

- ✓ **HEAVY DUTY LINER**
Increases durability in the mower's high impact zone.
- ✓ **HEAVY DUTY ROLLER**
Increases roller wall thickness from 5mm to 11mm.
- ✓ **ROLLER SCRAPERS**
Cleans rollers and reduces clumping in wet conditions.
- ✓ **MULCHING COUNTERBLADES**
Produces an ultra-fine mulch.
- ✓ **PRUNING RAKES**
Collects prunings into the cutting chamber.
- ✓ **LIGHTING KIT WITH STORAGE BRACKET**
LED road lights, safety triangle, and bracket for storage box.
- ✓ **STORAGE BOX**
Easy access to spare parts and tools.
- ✓ **SAFETY DISPERSION GUARD**
Recommended for all mowers operating in public spaces, the Safety Dispersion Guard ensures that debris exits the cutting chamber safely.
- ✓ **FRONT MOUNT**
Available in front mount three-point linkage configuration for increased visibility.

TRIMAX WARLORD S3

**YOUR ALL-PURPOSE
WORKING COMPANION.**

TRIMAX WARLORD S3

Extremely versatile, the Trimax WARLORD S3 is bound to dominate any environment you put it in – handling long and short grass, prunings up to 75mm in diameter, turf ribbons and offcuts with ease.

Tame rough patches full of scrub and branches in one pass and leave behind a field of evenly distributed mulch and clippings. Control the coarseness of discharge with Warlord's adjustable rear flap while safely dispersing clippings. The Trimax Warlord is tough and durable, requiring minimal maintenance and simplifying repairs to keep your machine running for years. Spend less time and money keeping your mower operating at 100%.

The Trimax Warlord S3 is a medium duty mower/mulcher suitable for a wide range of applications including sod and turf farming, horticulture, passive turf management, contracting/hire, and land reclamation.

CAPABILITIES OF WARLORD SERIES 3
IN YOUR ENVIRONMENT.**

SPECIFICATIONS	175	205	235
Cutting Width	1.74m (5' 9")	2.04m (6' 8")	2.34m (7' 8")
Overall Width	2.04m (6' 8")	2.34m (7' 8")	2.66m (8' 8")
Overall Length	1.05m (3' 5")	1.05m (3' 5")	1.05m (3' 5")
Overall Height	0.55m (1' 10")	0.55m (1' 10")	0.55m (1' 10")
Cut Height Range	0 - 70mm (0 - 2¾")	0 - 70mm (0 - 2¾")	0 - 70mm (0 - 2¾")
Approx. Weight	690kg (1520lbs)	750kg (1650lbs)	810kg (1780lbs)
No. of Flails	24	28	32
Min PTO Output	40hp	44hp	49hp

*Minimum PTO output is a guide only. Requirement varies with the type of work and the terrain

We do a lot of roadside work for councils, shires and local government. We use the Warlord where it's too tough for other machines, from my past experience it stands head and shoulders above the rest.

- ALAN CHAPEL | AML Turf, Wodonga QLD

KEY APPLICATIONS.

✓ Horticulture ✓ Municipal & Contractors ✓ Turf ✓ Aviation ✓ Racecourses

WHAT'S NEW ON WARLORD S3

The hydraulic side shift and discharge control capabilities are new from the previous Warlord series, further increasing the versatility of the machine.

**INDUSTRY LEADING
WARRANTY**

**3
YEAR**

INCLUDES SPINDLES
& GEARBOXES
EXPERIENCED SERVICE
& SUPPORT NETWORK

PRODUCT FEATURES.

HYDRAULIC SIDE SHIFT

The Warlord can be quickly offset to the right by up to 500mm. Perfect for transport and manoeuvring around obstacles whilst mowing.

DISCHARGE CONTROL

Fine mulch is produced with the flap in the lowest position. Controlling discharge assists with safety in public spaces. Lift flap open for easy flail servicing.

PRUNING GUIDE

Helps direct prunings in and under the mower. Also helps keep debris away from the hydraulic system.

REPLACEABLE INTERNAL LINER

A bolt-in 6mm replaceable internal liner increases the life of the body, minimises damage and reduces noise.

REPLACEABLE SKIDS

Skids on Warlord trailing arms prolong mower life in demanding terrain and can be replaced when required.

RIGHT HAND OFFSET

Warlord is configured with right-hand offset for increased over-the-shoulder visibility.

TRIMAX BLADES.

NOT JUST ONE. BUT A RANGE OF BLADE OPTIONS!

TRIMAX LAZERBLADEZ

Fitted as standard to all Trimax Rotary Mowers. Available in uplift or flat configuration.

Trimax LAZERBLADEZ are optimised to deliver a consistently clean cut across a range of applications.

- › Flung-tip blades are easier and more cost-effective to replace than full blade beams
- › "Tilt-forward" design prevents blade hang-back in tough conditions
- › Wider than other blades in its class for higher impact in heavy mowing
- › Blade angles have been engineered specifically for optimum grass lift and discharge
- › Ultra-precise blade carrying system made from heavy spring steel with minimal flex for excellent cut consistency
- › Made from a unique steel alloy specially produced for Trimax and hardened for long life
- › Full-length cutting edge ensures that all grass is struck by the sharpened part of the blade
- › Heavy-duty blade bolts are larger and stronger than competitors to stand up to high-energy wear

TRIMAX QUATTRO BLADE SYSTEM

Available upgrade. Available in uplift or flat configuration, or a mixture of both.

The Trimax Quattro Blade System adds two extra Trimax LAZERBLADEZ to each spindle for an ultra-fine cut and premium presentation in any application.

- › Double your cut frequency without changing your mowing speed
- › Use two flat and two uplift LAZERBLADEZ for optimal lift and discharge, or four flat LAZERBLADEZ for the lowest cut heights on warm season turf
- › More cuts per forward meter travel = less grass processed per cut = a cleaner, finer finish

TRIMAX NEXABLADES

Available upgrade.

For fine turf applications such as Golf, Sports Field or Sod Farms. The geometry of Trimax NEXABLADES has been scientifically designed and all angles are perfectly relative to ensure the most optimal performance possible upon interaction with turf. Compared to the industry-leading Trimax LAZERBLADEZ, NEXABLADES have been tested and shown to:

- › Improve clipping and spread by 70%
- › Reduce clumping by 51%
- › Improve cleanliness of cut by 14%
- › Use 5% less PTO power
- › Increase resistance to erosive wear by 50%
- › Reduce aerodynamic noise by 15%
- › NEXABLADES can be fitted to the Trimax Quattro Blade System as a substitute to uplift LAZERBLADEZ

* Tested in controlled conditions

TRIMAX FLAILS.

AERODYNAMIC. SUPER EFFICIENT. THE FIRST OF ITS KIND!

TRIMAX GAMMA FLAIL

Fitted as standard to all Trimax Flail Mowers. Available in a range of sizes to suit mower model.

It used to be generally accepted that flail mowers demanded more horsepower to run than other mowers, until we developed the Gamma Flail - patented and unique to Trimax.

- › The unique aerodynamic design decreases drag resistance as the rotor turns and allows cuttings to flow freely outwards between the flails and mower body
- › Lower horsepower requirements, decreased fuel consumption, and the ability to operate at a faster speed while still delivering an exceptional cut and spread
- › Manufactured from high quality heat treated and hardened steel and proven over 40 years of commercial use around the world
- › Faster tip speed than competitor mulchers - means you can mulch heavy debris yet also mow grass to a fine, striped presentation finish
- › Smaller flails in a higher number which take small bites rather than big chunks, makes for a finer mulch
- › Cheaper replacement cost means lower cost of ownership
- › The face of the Gamma Flail is angled forward so it presents to the material being cut at the optimum angle for a cleaner cut
